

Nuraphone

The world's smartest headphones

Experience a complete reinvention of the headphone from the ground up —

Active Noise Cancellation

Block out everything but your music.

In and Over-Ear Immersion

Two speakers each side. Hear every note, feel every beat.

Social Mode

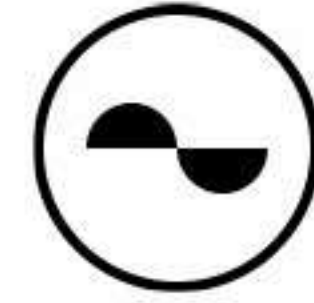

Hear your surroundings with a touch.

Touch Buttons

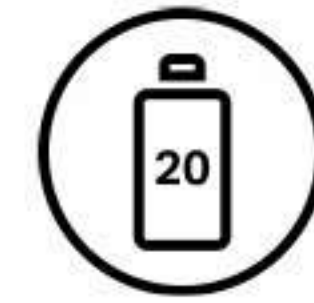

Skip tracks, change volume and more.

Personalised Sound

Personalised audio that adapts to your unique hearing.

All Day Battery

20+ hour battery life with smart automatic on/off.

TeslaFlow Cooling

Circulates air in and out of the ear cups, keeping your ears cool as you game.

Materials Remastered

Sliding steel headband, aluminium and biocompatible soft-touch silicone.

Unparalleled immersion.

The Nuraphone's over-ear drivers deliver tactile bass you can feel, putting you right in the action and bringing your game to life.

The in-ear bud provides exceptional clarity in the mids and highs, you'll never miss a beat.

Low Frequencies

Over-Ear Driver

Bass you can physically feel for a deeper, more immersive listening experience.

Mid-High Frequencies

In-Ear Driver

Delivers crystal clear and uncompromised highs.

The Nuraphone is unlike any pair of headphones I've ever heard before. The bass produced by these headphones is substantially greater than any other I've tested. If you're a bass head you should probably give the Nuraphone wireless headphones a shot.
